SKILLS

- **Languages** : Java, Python, JavaScript
- **Development** : HTML & CSS, MySQL, MongoDB, ReactJs, NodeJs, ExpressJs
- **Core Subjects** : Data Structures & Algorithms, OOP, DBMS, Operating System, Computer Networks
- **Tools/Platforms** : IntelliJIDEA, Postman, Git, GitHub, VS Code, Google Colab
- **Soft Skills** : Problem-Solving, Communication, Leadership, Adaptability

TRAINING

- Logic Building — Data Structures and Algorithms | [Link](#)** Jul' 25
- Solved **100+ coding problems** across arrays, strings, recursion, linked lists, trees, and graphs to build strong problem-solving skills.
 - Applied advanced techniques such as **Dynamic Programming, Greedy Algorithms, and Divide & Conquer** to solve complex problems efficiently.
 - Optimized solutions using **Big-O analysis and systematic debugging**, improving code efficiency and scalability.

PROJECTS

- Student Academic Performance Using Unsupervised Learning | [Link](#)** Dec' 25 - Jan' 26
- Built a machine learning model using **unsupervised learning (K-Means clustering)** to analyze student academic performance and identify hidden patterns in grades and behavioral data.
 - Preprocessed and normalized large datasets using **Pandas & NumPy**, improving model accuracy and clustering efficiency.
 - Identified distinct student groups (high performers, average, at-risk), enabling data-driven academic interventions.
 - Visualized clusters using **Matplotlib/Seaborn**, making insights interpretable for decision-making.

Tech : Python, Scikit-learn, Pandas, NumPy, Matplotlib

- Advanced Edo-Track Pro School Management System | [Link](#)** Jun' 25 - Aug' 25
- Built a full-stack school management system to replace manual record handling with a centralized digital solution.
 - Achieved **constant time student record retrieval** using **HashMap-based indexing**, improving data access speed by **65%**.
 - Integrated **MySQL with JDBC** for persistent storage and efficient query handling.
 - Managed modules for student records, attendance, and administrative workflows.

Tech : Java, MySQL, JDBC, Collections

CERTIFICATES

- Data Structures and Algorithms - LPU | [Link](#) Jul' 24
- Java Programming - IamNeo Platform | [Link](#) May' 25
- Cloud Computing - NPTEL | [Link](#) Nov' 25
- Prompt Engineering - Infosys | [Link](#) Sep' 25
- Computational Theory - Infosys | [Link](#) Oct' 25
- Build Generative AI Apps and Solutions | [Link](#) Dec' 25

EDUCATION

- Lovely Professional University** Phagwara, Punjab
BTech - Computer Science and Engineering: CGPA: 7.1 Aug' 23 - Present
- Krishna Veni College** Khammam, Telangana
Intermediate - Percentage: 94 May' 21 - Mar' 23
- Brilliant High School** Dornakal, Telangana
Matriculation - Percentage: 100 Nov' 11 - Mar' 21
